# IB Academic Honesty Policy Garibaldi Secondary School

## Rationale

---

This academic honesty policy is intended to inform students, staff and parents about the guidelines that Garibaldi Secondary School and the International Baccalaureate programme follow to ensure that students submit authentic work.

While information and communication technology in the 21st century have made it easier for students to take shortcuts in their education, at Garibaldi Secondary School the expectation is that every student submit assignments and projects that are authentic and are a true representation of the student's academic ability. Thus, we fully support the International Baccalaureate Organization's strong commitment to academic integrity.

## Links to learner profile

---

At Garibaldi Secondary School, we foster an environment of integrity and honesty. The IB framework is an **inquiry**-based model where students will be given numerous opportunities to access information in a variety of ways and from a variety of sources. As inquirers, students will conduct research with integrity.

At Garibaldi, we encourage students to participate in the global knowledge community, where they will develop into **principled** learners that contribute to and take from the community in an ethical and responsible manner. It is important for students to accurately represent where their ideas and thoughts come from. It is expected that students submit their own work in their own words. Students will develop a mindset towards **thinking** and **reflecting** about the work that they do and make **balanced** and ethical decisions.

## Definition of terms

---

From *General Regulations Middle Years Programme (MYP)* and *General Regulations Diploma Programme (DP)* Article 20 and *General Regulations Career Programme (CP)* Article 19:

**Plagiarism** This is defined as the representation, intentionally or unintentionally, of the ideas, words or work of another person without proper, clear and explicit acknowledgment

**Collusion** This is defined as supporting academic misconduct by another candidate, for example, allowing one's work to be copied or submitted for assessment by another

## IB Academic Honesty Policy Garibaldi Secondary School

**Duplication of work** This is where a student hands in a work for one subject and then submits the same/or very similar work for a different teacher or subject. This could include submitting a lab from a previous year, or perhaps submitting a project from a Design class as a Science project for electricity. Students who wish to expand on a previous project or assignment must get clear expectations and guidance from their current teacher on how to adapt or change the work to meet the specific requirement of that course. Adaptations for students with an IEP may include reduced workload which may result in some duplication of work.

**Any other behaviour** that gains an unfair advantage for a candidate or that affects the results of another candidate (for example, falsifying a community service record, disclosure of information to and receipt of information from candidates about the content of an onscreen examination within 24 hours after the examination via any form of communication/media).

### Student responsibilities

---

- be familiar with what academic dishonesty is (definitions above) and the consequences of academic misconduct.
- do not present another person/student's work as your own (copy) or allow others to copy your work - this includes assignments found online.
- follow standard exam rules by not communicating with others before or during an exam, including looking at a fellow student's answers or allowing your answers to be copied
- do not bring notes into or use electronic devices during an exam unless specifically allowed by classroom teacher.
- cite all source material using proper conventions.
- use direct quotations using proper conventions.
- respect the work of others by being familiar with and following copyright law.
- do not engage in any act that gives you an unfair advantage over others.

### Educator responsibilities

---

- be familiar with what academic dishonesty is (definitions above) and the consequences of academic misconduct.
- set clear expectations for assignments and provide guidance to candidates on how to correctly cite the sources they have consulted.
- design assignments that encourage original thought.
- discuss the benefits of submitting assignments that are correctly referenced.

## IB Academic Honesty Policy Garibaldi Secondary School

- devote time to teach and practice these skills until students master the skill of referencing.
- introduce students to guidelines on proper citation – use the resources provided on the [GSS Library IB Citation Guidelines page](#).

### Parent responsibilities

---

- be familiar with the academic honesty policy.
- support their children at home.

### Measures taken to provide education and support

---

Students receive instruction and practice citing the sources of information they use in their work. At the beginning of Grade 8, the Garibaldi Teacher Librarian schedules time for students in the library and works collaboratively with teachers to teach students how to take notes and how to cite information sources. This instruction continues throughout their years at Garibaldi Secondary School. Instructions on citing information sources are posted clearly on the GSS Library website. The Teacher Librarian provides a review for students when they are required to cite their sources for their assignments in their various subject classes.

### Consequences of academic misconduct: MYP Grade 8 - 10

---

When students do not adhere to this policy, staff will follow a pattern of progressive discipline which could include:

#### Initial consequences

- meeting between student and teacher to discuss academic honesty.
  - to ensure consistency and fairness, a student may bring a parent, counsellor or educator to be present in discussion of any academic dishonesty incident.
- work will be redone at lunch or afterschool and then resubmitted.
- contact with parent/guardian.

#### Subsequent consequences

- meeting with Head of School and documentation in student file
- Student writes a letter demonstrating a clear understanding of the importance of referencing other's work and the importance of representing oneself with honesty and integrity

## IB Academic Honesty Policy Garibaldi Secondary School

- repeated acts of academic dishonesty or failure to re-do assignments to meet academic honesty requirements may result in insufficient evidence to receive credit for the course
- exemption from school awards

### Consequences of academic misconduct: DP/CP Grade 11 – 12

---

When students do not adhere to this policy, staff will follow a pattern of progressive discipline as outlined below.

#### Level One

Level One violations include:

- Copying homework
- Copying or attaining secretive information to gain an advantage on a test or quiz
- Letting another student copy one's homework
- Letting another student look at one's test or quiz
- Working with others on an assignment that was meant to be an individual assignment.
- Taking information from a source that is not properly cited.
- Making up data, or taking data from another source, for an experimental investigation.

Level One violations will be dealt with by the classroom teacher and the incident will be reported to the IB DP or CP coordinator and school administration. Consequences for Level One violations include:

- Teacher and coordinator will review the Academic Honesty Policy with the student.
- Re-do the work during a lunch or after school detention and resubmit.
- Depending upon the severity of the incident, additional detention time may be served by the student.
- Parents will be contacted and will be asked to review the Academic Honesty Policy with the student.
- The incident will be recorded on the student's permanent record.

#### Level Two

Level Two incidents include:

- Two or more Level One infractions.
- Copying full papers from the internet or other publications.
- Copying full papers or assignments from other students.

## IB Academic Honesty Policy Garibaldi Secondary School

- Submitting a computer program that has been developed by another.
- Cheating during IB examinations.

Level Two incidents are serious and will be dealt with by the coordinator, administration, and potentially the malpractice branch of the IBO. Consequences for Level Two violations include:

- Students will receive a zero on any assignments or tests in question.
- Students will also be assigned extended detention and/or suspension time.
- Parents will be required to attend a formal meeting in response to all level two violations.
- Students may be exempted from school awards and Grade 12 scholarships.
- Students may be removed from the IB program.

### Level Three

Level Three incidents include:

- Stealing examinations
- Altering grades on a school data base

Level Three violations are extreme and will be dealt with by the administration of the school. Consequences for Level Three violations include:

- Students will be immediately removed from the IB programme.
- Students may be asked to leave Garibaldi Secondary School.

*The Academic Honesty policy will be reviewed in the fall of 2022.*
