

GRAD PHOTO RETAKES

January 14, 2026

Book the correct "type" of session for your needs! See below for options...

OPTION 1:

Only require a new or updated yearbook headshot?

- **Book a Yearbook Only (Single Photo Only) slot**
- This is for students who need to take or redo their yearbook photo and do not require a full portrait session.
- This is complimentary - there is no charge.

OPTION 2:

Already had a full session?

Want to redo specific pose(s) for your gallery?

- Log into your gallery
- **Complete a Complimentary Retake Request before booking**
- Provide feedback on what you would like different this time.

The more detail you provide, the more focused and effective your retake session will be.

OPTION 3:

Need to upgrade from a previous "*Yearbook only session*" or did not have a portrait sitting yet and want more than just the yearbook photo?

- **Book a Full Portrait Sitting (Includes Yearbook)**
- The standard \$35 sitting fee deposit is required.
- If your yearbook photo was already completed previously and you do not want it updated, please notify your photographer at the start of your session.

Retake requests via the gallery are due **December 31 at midnight.**

After your Retake Request has been submitted, you will receive an email with a Passkey that removes the cost of the session.

Retake sessions are complimentary and do not require a payment.
