 - Timetable
 - Class size – we don't need any extra class space with the new language
 - Schools need to complete next years timetable by April 21
 - Concerned that the courses will run in the space available. Eg. Do we have enough lab space for science

2 blocks of ice hockey

Size of classes depend on what the subject is flex time

Flex time will be 50 minutes per day

Admin is allowed to have an assembly during this time. Not allowed to run a club in this time though. Students will decide what they would like to do during this time at first and then admin will decide later if needed, if is not doing well in a class they would have to go there during flex time.

Currently working out the logistics of how it will work, this will be happening at the next 2 timetable meetings with staff.
