What is Bullying?

Bullying is a serious problem that can happen anywhere. It is not a phase kids have to go through, it is not "just messing around", and it is not something you have to wait to grow out of. Bullying can cause serious and lasting harm and is never acceptable.

Although definitions of bullying vary, most agree that bullying involves:

Imbalance of Power: people who bully use their power to control or harm, and the people being bullied have a hard time defending themselves

Intent to Cause Harm: actions done by accident are not bullying; the person bullying has a goal to cause harm

Repetition: incidents of bullying happen to the same the person over and over by the same person or group

Bullying can take many forms. Examples include:

What you can do to stop bullying

Nobody likes to be picked on. Here are some things you can do:

SPEAK UP AGAINST BULLYING.
SAY SOMETHING SIMPLE, WITHOUT EMOTION.

WALK AWAY. ACT LIKE YOU DON'T CARE, EVEN IF YOU REALLY DO.

TELL AN ADULT YOU TRUST.
THEY MAY HAVE IDEAS ABOUT WHAT YOU CAN DO.

STICK TOGETHER.
STAYING WITH A GROUP MIGHT HELP.

And always remember:

- You are not alone.
- It is not your fault. Nobody should be bullied!
- Talk to someone you trust.
- Do not hurt yourself.
- Do not bully back. It doesn't end things.
- Do not let the bully stop you from being yourself. Keep doing what you love to do.
